- 22 By entering an event all competitors and their associates commit to positively promote and demonstrate Motorsport UK's Race with Respect Code which is appended to these regulations (Appendix 4)  
Where any reports of disrespectful conduct are judged to be well founded the Championship organisers may issue warnings or require actions/or report the matter to the Championship stewards who may impose appropriate penalties which can include loss of Championship points and/or event bans through to Championship Expulsion and referral to Motorsport UK.  
We must promote the safety and well-being of young people and adults at risk. In addition to this, all participants must be aware of their behaviour and conduct at all times and abusive language and harmful behaviour will not be tolerated. Any such incidents must be reported to the Championship Coordinator and/or Safeguarding Officer who will also relay the report to Motorsport UK. Details of the Motorsport UK Policies and Guidelines are available at [www.motorsportuk.org/resource-centre](http://www.motorsportuk.org/resource-centre) by selecting Policies and Guidelines.
- 23 **New Drivers:** All drivers who have not previously competed at Shelsley Walsh **MUST** attend a "NEW DRIVERS' BRIEFING" in the Farmyard 15 minutes before the start of the meeting and must confirm that they have walked the course (H) 32.1.3.
- 24 **Competition Numbers:** Competitors will be identified by competition numbers (as defined by Motorsport UK regulations S.9.2.5 or as agreed by the Chief Timekeeper) Numbers must be displayed on both sides of the car. A third set of numbers which can be smaller **MUST** be displayed on the front left-hand side of the car to enable the timekeepers to identify cars approaching the start line. If numbers are not visible to the timekeepers, the time may be disallowed. Numbers must be visible on a contrasting background. When two drivers compete in the same car, two sets of suitable numbers must be provided by the entrant and changed as necessary. Cars will not be permitted to run with two sets of numbers displayed at the same time.
- 25 **Noise:** All vehicles must meet the silencing levels set out in Motorsport UK Technical Regulations, except for period-defined cars in groups A to H and cars running in special, historic or invitation classes that are

allowed, at the absolute discretion of the Clerk of the Course. Competitors are also requested to minimise revving of engines in the return road when descending the hill and to refrain from running engines in the Paddock after the end of the meetings.

Under no circumstances may engines be started in the paddock before 8.45 am (except road legal cars). The Environmental Scrutineer will be the judge of fact in noise-related matters and may request additional testing of any car suspected of creating excessive noise.

- 26 **Start Area:** The entry to the area is defined by the Pre-Start Line. Once this line is passed, a car will be deemed to be under starter's orders. **If a competitor takes undue time to comply, the Clerk of the Course or his nominated deputy (any signed-on official) may specify that they come forward in 2 minutes or they may forfeit their run.**

No more than two people in addition to the driver and officials may attend each car in the identified start area (S) 9.3.5.

**TYRE CLEANING / SPINNING / TYRE WARMERS:** The spinning of wheels to clean and induce heat into the tyres is allowed within the designated area (S) 9.3.1 For the avoidance of doubt two lines define the area between which tyre spinning can start and must finish.

Forward motion must be maintained on every attempt, and any form of brake 'line lock' whether mechanical or electronic to facilitate this is prohibited. This, and the spinning wheels outside the designated area may result in disqualification from the event. The use of an external device or power source to pre-heat the tyres of competing cars, whether the tyres are fitted to the car or not, is prohibited. Transmission warming/testing shall be strictly by (K)14.2.

- 27 **All tyre covers must be removed before approaching the start/tyre warming area.** The use of plastic wraps is prohibited.
- 28 **Start Procedure:** On arrival at the Start Line, a red light will be displayed, cars will be set up in line with the timing gear, and the rear wheels will be chocked, once the red-light changes to green the driver may commence his run, promptly. A car will be deemed to have started when the vehicle, breaks the beam, starting the electronic timing apparatus.
- 29 **False Starts:** If a competitor makes an unsatisfactory start, provided that neither of the rear wheel centres has crossed the Start Line, he may be permitted to re-start. If, however, the car stops due to mechanical failure and cannot be immediately re-started, it must be removed as directed by marshals. Unless it can be returned to the Start Line within two minutes, a re-start will not be permitted. Judges of Fact will be on the Start Line to determine whether a false start has been made, and a re-start allowed.

- 30 **Flag Signals:**  
**Ascending:** A **Waved** Red Flag means STOP as quickly and safely as possible and await further instructions from the Marshals.  
 Red Flags may be supplemented with flashing red lights.  
**Descending:** Marshals will display stationary red flags on batch returns, be prepared to stop if you see a waved red flag.
- 31 **FINISH PROCEDURE:** The finish line will be indicated by black and white chequered boards on either side of the course. After crossing the finishing line follow the track to the holding paddock. Brake testing or practice starts are not allowed in the approach to or in the holding paddock
- 32 **Return to Paddock:** After each batch is completed, cars will return down the hill on the signal from the Finish Paddock Marshal. Under no circumstances will a car that is descending the hill overtake or stop for any reason other than as outlined in paragraph 29 above. Cars mustn't stop in the first section of the Return Road between Triangle and the Church. This prevents following cars from coasting back to the Paddock and is the major cause of delay in batch changeovers.  
*It is imperative for public safety that you keep your speed slow when entering the paddock.*
- 33 Competitors are required to wear ALL safety gear for the return downhill. Failure to do so is in contravention of (S)9.2.1.
- 34 **Recovery:** If a stricken car has to be recovered using the available Recovery Unit, equipment or marshals, care will be taken to minimise any further damage during the recovery. However, the Club disclaims any responsibility for any such consequential damage.
- 35 All damaged cars will be taken to the competitor field unless directed by the Clerk of the Course.
- 36 **Target times:** Target times will be assessed after practice for each event, based on a competitor's practice times. If any competitor improves on his target time by more than 5% that time will be excluded from the meeting's results.
- 37 **Ties:** In the event of two competitors tying for an Award, the competitor with the lowest Aggregate times will be the winner. If the result is still a tie, the Stewards of the Meeting shall decide on a suitable solution.
- 38 **Championships:** will be run by the Regulations issued for the individual championships. Times recorded in the Championship Run-Off will only count for the absolute Best Time of Day Awards, not for any other Class or definitive awards within the event. If any non-registered competitor has qualified for an absolute Best Time of Day Award at the end of the Class runs he will have the opportunity of becoming an additional runner in the Championship Run Off and will be integrated into the order of running.
- 39 **On-Board Cameras:** Competitors are reminded that camera mountings are required to be approved by the Chief scrutineer and must be securely mounted under J5.21.5. The Club reserves the right to the copyright of all footage taken during the meeting. Footage taken must be for personal use only and not for commercial purposes. Footage cannot be used for broadcast, including social media without the written permission of the Club Office. J5.21.16.
- Competitors will be required, upon request from the Clerk of the Course or MAC Staff to surrender all copies of onboard footage. An example of such an instance that this may occur is such as an accident investigation, however, this is not the only circumstance in which this request may be made.
- 40 **Electric Cars:** Standard Road going Electric and hybrid cars may be permitted, subject to the event organisers having the required personnel and equipment available.
- 41 **Support vehicles:** No Trailers, motorhomes or support vehicles will be allowed into the Paddock while the meeting is in progress.
- 42 **Camping:** is permitted for Motor Homes, Caravans and Tents upon prior booking provided that they are parked in the Competitor's Car Park. There will be a charge of £15.00 per night inclusive of VAT if pre-booked with entry. Competitors are asked to include the camping fee with their entry for each event. An inspection of passes will be made during the weekend. Anybody who has not booked will be able to purchase their pass at the paddock office for £15 per night.  
**Camping on Sunday night is ONLY permitted in the Orchard**
- 43 All other Motorsport UK General and Technical Regulations apply as written. All references are to the 2024 edition of the Motorsport UK Yearbook
- 44 **Officials:** The appointed Officials will be notified to Competitors in their Final Instructions and published in the event programme. Any other changes will be notified on the meeting notice board at the rear of the paddock office.
- 45 **Results:** Provisional results will be published as soon as possible following the end of the event.
- 46 **Protests:** Any protest must be lodged by Motorsport UK Regulations.
