 - 24.2. We must promote the safety and well-being of young people and adults at risk. In addition to this, all participants must be aware of their behaviour and conduct at all times and abusive language and harmful behaviour will not be tolerated. Any such incidents must be reported to the Championship Coordinator and/or Safeguarding Officer who will also relay the report to Motorsport UK. Details of the Motorsport UK Policies and Guidelines are available at www.motorsportuk.org/resource-centre by selecting Policies and Guidelines.
25. All drivers who have not previously competed at Shelsley Walsh MUST attend the mandatory "NEW DRIVERS' BRIEFING" in the Farmyard 15 minutes before the start of the meeting – NCR Ch. 6, App.1 Art. 2.3 and must confirm that they have walked the course.
26. All competitors are strongly advised to walk the hill in their own time up to 15 minutes before the start of practice.
27. The entry to the area is defined by the Pre-Start Line. Once this line is passed, a car will be deemed to be under starter's orders.
28. If a competitor takes undue time to comply, the Clerk of the Course or his nominated deputy (any signed-on official) may specify that they come forward in 2 minutes or they may forfeit their run.
29. No more than two people in addition to the driver and officials are allowed in attendance on each car in the identified start area – NCR Ch. 14, App.3, Art. 1. 7

30. The spinning of wheels to clean and induce heat into the tyres is allowed within the designated area - NCR Ch.14, App.3 Art. 1.1
For the avoidance of doubt two lines define the area between which tyre spinning can start and must finish. Forward motion must be maintained on every attempt, and any form of brake 'line lock' whether mechanical or electronic to facilitate this is prohibited. This, and the spinning wheels outside the designated area may result in disqualification from the event.
31. The use of an external device or power source to pre-heat the tyres of competing cars, whether the tyres are fitted to the car or not, is prohibited.
32. Transmission warming/testing shall be strictly in accordance with Ch 7, App. 2, Art. 8.1
33. All tyre covers must be removed before approaching the start/tyre warming area. The use of plastic wraps is prohibited.
34. On arrival at the Start Line, a red light will be displayed, cars will be set up in line with the timing gear, and the rear wheels will be chocked, once the red-light changes to green the driver may commence his run, promptly. A car will be deemed to have started when the vehicle, breaks the beam, starting the electronic timing apparatus.
35. If a competitor makes an unsatisfactory start, provided that neither of the rear wheel centres has crossed the Start Line, he may be permitted to re-start. If, however, the car stops due to mechanical failure and cannot be immediately re-started, it must be removed as directed by marshals. Unless it can be returned to the Start Line within two minutes, a re-start will not be permitted. Judges of Fact will be on the Start Line to determine whether a false start has been made, and a re-start allowed.
36. Flag Signals:
- 36.1. Ascending: A Waved Red Flag means STOP as quickly and safely as possible and await further instructions from the Marshals.
 - 36.2. Red Flags may be supplemented with flashing red lights.
 - 36.3. Descending: Marshals will display stationary red flags on batch returns, be prepared to stop if you see a waved red flag.
37. The finish line will be indicated by black and white chequered boards on either side of the course. After crossing the finishing line follow the track to the holding paddock. Brake testing or practice starts are not allowed in the approach to or in the holding paddock
38. After each batch is completed, cars will return down the hill on the signal from the Finish Paddock Marshal. Under no circumstances will a car that is descending the hill overtake or stop for any reason other than as outlined in paragraph 40 above. Cars mustn't stop in the first section of the Return Road between Triangle and the Church. This prevents following cars from coasting back to the Paddock and is the major cause of delay in batch changeovers.
It is imperative for public safety that you keep your speed slow when entering the paddock.
39. Competitors are required to wear ALL safety gear for the return downhill. Failure to do so is in contravention of NCR Ch. 14, App. 2, Art. 4.1
40. If a stricken car has to be recovered using the available Recovery Unit, equipment or marshals, care will be taken to minimise any further damage during the recovery. However, the Club disclaims any responsibility for any such consequential damage.
41. All damaged cars will be taken to the competitor field unless directed by the Clerk of the Course.
42. Championships: will be run by the Regulations issued for the individual championships. Times recorded in the Championship Run-Off will only count for the absolute Best Time of Day Awards, not for any other Class or definitive awards within the event. If any non-registered competitor has qualified for an absolute Best Time of Day

Award at the end of the Class runs he will have the opportunity of becoming an additional runner in the Championship Run Off and will be integrated into the order of running.

43. Competitors are reminded that camera mountings are required to be approved by the Chief scrutineer and must be securely mounted in accordance with NCR Ch. 7, App. 9, Art. 1.5
44. Competitors should be aware of any rights including copyright in relation to footage – NCR Ch. 7, App.9, Art. 1.19
45. Competitors may be required, upon request from the Clerk of the Course or MAC Staff to surrender all copies of onboard footage. An example of such an instance that this may occur is such as an accident investigation, however, this is not the only circumstance in which this request may be made.
46. All vehicles must meet the silencing levels set out in the NCR Technical Regulations, except for period-defined cars in groups A to H and cars running in special, historic or invitation classes that are allowed, at the absolute discretion of the Clerk of the Course. Competitors are also requested to minimise revving of engines in the return road when descending the hill and to refrain from running engines in the Paddock after the end of the meetings.
47. Under no circumstances may engines be started in the paddock before 8.45 am (except road legal cars). The Environmental Scrutineer will be the judge of fact in noise-related matters and may request additional testing of any car suspected of creating excessive noise.
48. Standard Road going Electric and hybrid cars may be permitted, subject to the event organisers having the required personnel and equipment available.
49. No Trailers, motorhomes or support vehicles will be allowed into the Paddock while the meeting is in progress.
50. All other Motorsport UK General and Technical Regulations apply as written. All references are to the 2025 edition of the Motorsport UK National Competition Rules.
